

# SCANTER 2000 RADAR SERIES

## SELECTED INTERNATIONAL REFERENCES

---

For Coastal Surveillance and Vessel Traffic Service applications, SCANTER radars are established as market leaders.

Today, over 3,000 SCANTER radars are in operation worldwide. Based on this vast experience Terma developed the SCANTER 2000 series – a solid-state, up-mast radar specifically tailored for small target detection in the VTS market.

Since the introduction of the SCANTER 2000 series, in excess of 360 units have been delivered.
